Partner-led advice

All work is carried out by or closely overseen by a partner whose knowledge and experience enables them to get to the heart of matters quickly and to come up with insightful, practical solutions in the shortest possible time. For most clients this is preferable, however, we discuss this on an individual basis with clients to ensure that they receive the most appropriate level of support for them.

A supportive and collaborative approach

We believe that the key to providing a high quality service is developing an in-depth understanding of clients' needs and priorities to ensure that we deliver timely and commercial legal advice which meets clients' objectives.

Quality

Our aim is to deliver a consistently high standard of service to all clients. Value for money is always a priority and to this end we do our utmost to provide the highest quality advice at an acceptable cost. We will establish at the outset an understanding of your needs, expectations and requirements and aim to meet or exceed these.

Edwin Coe is proud to provide high-quality, tailored advice that puts your best interests first.

Clients regularly rate us as "excellent" in terms of our understanding of their business needs, keeping them informed of progress and developments and the overall level of our service.

Managing costs and risks

Managing costs and minimising risks are key considerations for most clients. We offer a range of alternatives to traditional hourly billing which include value billing, blended hourly rate, fixed fees (for non-contentious matters) and conditional fee arrangements (CFAs).

We are happy to discuss and explain these and other available fee options with clients on an individual basis.

'The lawyers have a fantastic manner with clients and we are very comfortable and confident that they will give us sensible advice.'

International capabilities

An International member of

AllyLaw

Increasingly we find that clients’ needs have an international dimension and we are able to offer access to Ally Law, of which we are a member. Ally Law is a group of independent law firms that provide comprehensive legal services worldwide.

We also have strong links in Russia, the Far East, the Middle East, and Sub-Saharan Africa, and regularly assist clients with global or pan-national businesses.

We are able to provide legal services to an equal or higher standard than firms much larger than ourselves. This is demonstrated by the fact that we have won (and retained) tenders for the legal services of sizeable global companies in the face of competition from larger international firms.

Briefings, seminar and webinar programme

To help clients and prospective clients stay abreast of the important changes affecting their industry sector or field, we offer a complimentary seminars and webinars programme. For details please email: events@edwincoe.com.
