

## Real Estate Finance

Edwin Coe's real estate finance team comprises a team of highly experienced lawyers with an in-depth knowledge of real estate finance transactions.

We provide a partner-led service, and give advice which is not only accurate and comprehensive but also practical and commercial, proactively seeking solutions to issues which arise.

We advise both lenders and borrowers on loan originations secured on real estate, both in the UK and overseas, across all sectors of the real estate spectrum, including logistics, industrial, student, retail, leisure, office and residential.

Our real estate finance practice acts on transactions involving the acquisition of real estate-backed debt, both on a single loan and portfolio basis. We advise clients from 'cradle to grave' in respect of the acquisition of such loans or loan portfolios, advising on loan restructuring, security enforcement, real estate management/value accretion, and advising on other loan recovery strategies post-acquisition.

Working alongside our construction team, we have particular expertise in advising developers and lenders on the financing of large scale development projects.

The firm also has a large team of litigation specialists who are experienced in handling a wide variety of debt-related disputes, including

pursuing claims for breach of warranty in relation to debt purchases, professional negligence claims for lenders and insolvency-related disputes arising out of real estate lending.

Typical areas on which we advise include:

- **Advising lenders and borrowers on new loan originations, including bilateral and syndicated loans, senior loans, mezzanine loans, bridging loans, investment loans and development loans**
- **Advising loan servicers and facility agents/security trustees on new loan originations**
- **Advising lenders, including established lenders and start-ups, on their loan and security documentation, and helping design loan policies and procedures**
- **Advising on loan-on-loan transactions**
- **Loan restructuring**
- **Security enforcement**
- **Advising on loan and loan portfolio sales and purchases**
- **Finance-related litigation, including recovery actions for lenders.**
