

Later Living & Care Services

Edwin Coe's multidisciplinary Later Living & Care team provides practical, expert advice to a variety of stakeholders across this ever growing sector.

There are more than 12 million over 65s in the UK, with this figure expected to increase by 50% over the next 20 years. A severe undersupply in suitable housing to meet this demand has created a sector which is continuing to grow and develop. From traditional care homes and extra care facilities, to luxury retirement villages, investors are starting to recognise the opportunities this sector provides.

Whether you are an operator, investor, developer or lender, Edwin Coe's specialist Later Living and Care team, which includes specialist real estate, construction, finance, corporate, employment, intellectual property and immigration lawyers, provide a range of legal services to market participants.

At Edwin Coe we believe that the key to providing a high quality service is developing an in-depth understanding of clients' needs and priorities to ensure that we deliver timely and commercial legal advice, which meets clients' objectives. We provide a partner-led service across all our practice areas and our Later Living and Care team is no different.

Services provided in this area include:
