

Litigation & Dispute Resolution

We are a leading UK litigation practice, providing clients with a sure-footed approach in relation to all types of disputes.

We understand that most clients, whether commercial or private, would prefer to resolve a dispute without resorting to litigation, and at minimum expense. With this in mind, and with an in-depth knowledge of litigation practice and the increasingly complex area of alternative dispute resolution, we are able to put clients in the best position to make informed decisions to bring about resolution of even the most complex situations.

Our litigation practice is built on a framework of specialists who combine solid general contentious skills with expertise in specific areas such as:

- **Arbitration**
- **Class action litigation**
- **Competition law**
- **Debt recovery**
- **Employment disputes and claims**
- **Fraud**
- **Insolvency and restructuring**
- **Insurance litigation**

- **Intellectual property (copyright, trademarks, patents etc.)**
- **Professional negligence**
- **Property and construction litigation.**

Edwin Coe is at the forefront of the growing field of 'group actions', and in particular, securities fraud disputes. We are one of a handful of UK firms specialising in this type of work, bringing cases against entities whose actions have caused damage to small or large groups of people, also referred to as 'class action' litigation. We advise on the stages involved in pursuing a group action and the various options for funding.

Class Action Litigation

In appropriate cases we are also able to assist with media relations, helping to generate publicity to achieve maximum exposure for the case or grievance. We are experienced in advising clients on the complexities of managing this type of action, such as pulling together the group to assist with costs and liability, as well as providing practical guidance on all aspects of administration.

'Recognised for our excellence in Commercial Dispute Resolution.'
