Edwin Coe's property team comprises lawyers with extensive City experience and provides a comprehensive partner-led service covering all aspects of real estate ownership and use including the acquisition and sale of property, property development, construction law, real estate financing and the resolution of real estate and construction disputes.

We act for clients on the purchase and sale of commercial and high-value residential properties, on residential and commercial development matters, commercial property investment, hotel and leisure transactions, and we provide specialist advice for retail occupiers. Our property finance practice acts for both Borrowers and Lenders on secured lending transactions relating to purchases, refinancings and regearings, and we have considerable experience in the funding of property developments.

We regularly act on property transactions normally handled by larger firms and have been involved with a number of transactions with
