Partner-led advice

All work is carried out by or closely overseen by a partner whose knowledge and experience enables them to get to the heart of matters quickly and to come up with insightful, practical solutions in the shortest possible time. For most clients this is preferable, however, we discuss this on an individual basis with clients to ensure that they receive the most appropriate level of support for them.

A supportive and collaborative approach

We believe that the key to providing a high quality service is developing an in-depth understanding of clients' needs and priorities to ensure that we deliver timely and commercial legal advice which meets clients' objectives.

Quality

Our aim is to deliver a consistently high standard of service to all clients. Value for money is always a priority and to this end we do our utmost to provide the highest quality advice at an acceptable cost. We will establish at the outset an understanding of your needs, expectations and requirements and aim to meet or exceed these.

Edwin Coe is proud to provide high-quality, tailored advice that puts your best interests first.

Clients regularly rate us as "excellent" in terms of our understanding of their business needs, keeping them informed of progress and developments and the overall level of our service.

Managing costs and risks

Managing costs and minimising risks are key considerations for most clients. We offer a range of alternatives to traditional hourly billing which include value billing, blended hourly rate, fixed fees (for non-contentious matters) and conditional fee arrangements (CFAs).

We are happy to discuss and explain these and other available fee options with clients on an individual basis.

'Their handling of matters is always of the highest standards. Edwin Coe's lawyers give well thought-out advice, which is then acted upon in an extremely efficient manner.'

International capabilities

An International member of

Ally Law

Increasingly we find
that clients' needs
have an international
dimension and we
are able to offer

access to Ally Law, of which we are a member.
Ally Law is a group of independent law firms that
provide comprehensive legal services worldwide.

We also have strong links in Russia, the Far East,
the Middle East, and Sub-Saharan Africa, and
regularly assist clients with global or
pan-national businesses.

We are able to provide legal services to an equal
or higher standard than firms much larger than
ourselves. This is demonstrated by the fact that
we have won (and retained) tenders for the legal
services of sizeable global companies in the face
of competition from larger international firms.

Briefings, seminar and webinar programme

To help clients and prospective clients stay
abreast of the important changes affecting their
industry sector or field, we offer a complimentary
seminars and webinars programme. For details
